HOW TO BOOK A FOXIE

1. To begin the booking process, simply email us a detailed brief with your requirements - the more specific the better.
2. As soon as your brief has been received, one of our three bookers will contact you to confirm your requirements.
3. Our bookers will then find the most suitable candidate for your project according to your exact specifications, and in as quick a turnaround time as possible.
4. The artist will either be sent to your casting for a face-to-face meeting, or will be presented to you via email.
5. Should you choose to book the artist, you will be sent a full booking sheet with all of their relevant information, including their ID number, SARS tax reference number, contact number and sizes.
6. Once the call details have been received, we will brief the artist accordingly.
7. Should you require a booking of 10 or more artists, one of our wranglers will bring them to you on shoot day at the pre-arranged time, help you to sign them in, and hand them over to you.
8. Additionally our wranglers are able to remain on set to help with any further requirements throughout the day, for an additional fee. Our bookers will schedule this request upon a formal booking being made, and will invoice for this charge separately.

Want to get in touch with our bookers directly? Simply contact them via the details listed below:
