

# JOIN

## HOW TO BECOME A FOXIE

1. To begin the joining process, simply email two recent, clear photographs of yourself (one full length shot and one head shot) to [join@foxstar.co.za](mailto:join@foxstar.co.za). Please note that images sent via WhatsApp or text cannot be accepted.
2. Once your photographs have been received, we will contact you with further details on how to become a Foxstar member. We urge you to read the welcoming guide and application that will be emailed to you, and to keep in mind that any applications emailed to Foxstar cannot be accepted, as we would love to meet our future stars personally.
3. If, after sending your photographs to Foxstar, you don't hear back from us within 48 hours, please contact us on **011 025 3993** or email [join@foxstar.co.za](mailto:join@foxstar.co.za). Please note that we reserve the right to accept or decline any potential members at our discretion.

## YOUR APPLICATION

Once you have received your application form, you will need to make an appointment for an interview with the Foxstar team, and bring your completed application to our offices along with the following documentation:

- Your SARS tax reference number - a copy proof to be attached on a SARS letterhead
- A copy of your ID, birth certificate or passport (with a valid work permit) for the interview
- Proof of residence
- Proof of banking details

Please note that any minors must be accompanied a parent or legal guardian. We also encourage you to read your personal application form and welcome guide carefully before your interview, as you will be asked various questions pertaining to these documents. Similarly, any questions you may have will be answered during the interview process.

## YOUR INTERVIEW

Your Foxstar interview is your opportunity to make a good impression with our team, and to secure your place in our books. As such, please bear these important tips in mind:

- Make sure you arrive on the correct day and time as set out in your confirmation email. Please note that if you are late for your interview, we will be unable to see you.
- Please make sure that you bring all necessary documentation as detailed above. If not, we will regrettably have to turn you away.
- Foxstar interviews generally last for no longer than 20 minutes. As such, if you are being driven to your interview, ask your lift to wait for you. Alternatively if you choose to drive yourself, please park outside on the pavement for the duration.
- Remember to be confident and wear your best smile! This is your first meeting with the team, and you want to ensure that the impression you make is a positive one.
- As photographs will be taken of you during the interview, please ensure that you:
  - Dress neatly and appropriately, making sure not to wear any white clothing
  - Have clean, neat nails for hand photographs
  - Have clean hair with appropriate styling. While we love natural styles such as Afros, braids, weaves, curls and more, we unfortunately cannot take on any models with wild, brightly coloured hair.

Should you pass the interview process and sign up with Foxstar, we will immediately begin considering you for any potential jobs. We will explain all necessary details during the interview process, and provide you with all the information you need to succeed at your castings or auditions.

## YOUR CASTINGS

Once you've become a Foxie, you'll be sent on auditions and castings, along with artists from other agencies. If you want to give yourself the best chance of being cast for TV and magazine work, make sure that:

- Your look is neat and presentable at all times.
- You can speak and understand English.
- Your smile has no missing or gold teeth.
- You live in or around Johannesburg.
- You have your own, reliable transport, or sufficient knowledge of the public transport system.
- You have confidence in yourself, and a positive self-image.
- Your hours are flexible enough to allow you to attend shoots and auditions.
- You have a reliable map book or GPS.
- You are on time for all shoots, auditions and appointments.
- You are reliable and honest.

Additionally, as a Foxie, you will need to ensure that you are not signed to any other commercial agency before signing with us. You will also need to keep us regularly updated on your current hairstyle and look, so that we can match you as closely as possible with any booking briefs we receive. Please ensure that you email us on [admin@foxstar.co.za](mailto:admin@foxstar.co.za) to inform us if you change your look, or alternatively every 4 to 6 months so that we can keep your portfolio current.
